

Have you recently been diagnosed or think you have a hearing loss?

It is difficult to find the best way to manage hearing loss and you may feel unsure about whether a hearing aid is the best option for you.

We can help you make the most of the technology and manage your condition alongside family and friends so that you still live life to the full.

Find out more at our Living Well with Hearing Loss workshops

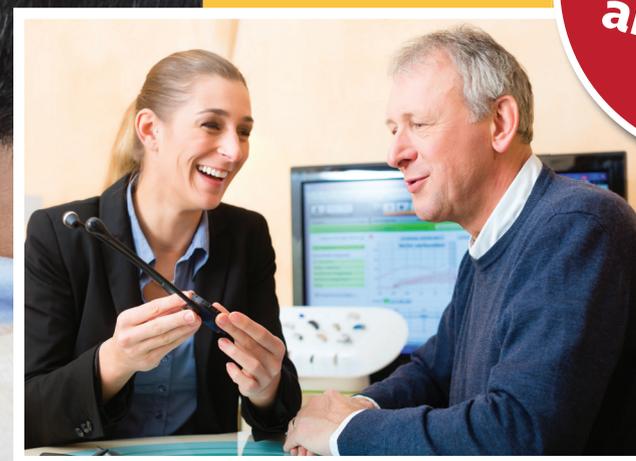

cambridgeshirehearinghelp.org.uk

At a half-day workshop, you will be offered information about hearing loss, hearing aids and other devices such as TV listeners, with an opportunity to discuss tactics for improving your listening environment.

The facilitators have personal experience of hearing loss and can offer insights into how to overcome the day-to-day challenges of living with this condition. This will help you to make a decision about the best option for you, plus you will be given guidance on where to get further support.

We understand that hearing loss is a communication problem that not only affects you, but also your circle of family and friends. You are encouraged to attend with a partner or friend to help everyone understand how to communicate better.
