trainers

Supporting you

## NHS Pharmacy First

The NHS Pharmacy First service is an advanced service which connects patients who have a minor illness or need an urgent supply of medication with a community pharmacy. >

## Declaration of Competence

The Declaration of Competence system has been developed to support you with the appropriate knowledge, skills and behaviours to deliver high-quality services. >

## NHS Pharmacy Contraception Service

The NHS Pharmacy Contraception Service (PCS) aims to offer greater choice for people in terms of where they can access contraception services. Find information and learning supporting the service pilots and the Advanced Service. >

## Consultation skills

The *Consultation skills for pharmacy practice* programme offers new and innovative learning and assessment programmes to support you in developing your consultation skills. >

## New Medicines Service

The New Medicines Service is an advanced service which offers support to patients with a long-term condition who have been prescribed a medicine for the first time. >

## NHS Discharge Medicines Service

The NHS Discharge Medicines Service is a new essential service which aims to improve patients' understanding of their medicines and how to take them following discharge from hospital. >
