

Health Innovation East

Beyond Statins Webinar

Wednesday 23rd October 2024

12:30-13:30

We invite all healthcare professionals to join an insightful webinar on **emerging alternatives to statin therapy** for cholesterol management and cardiovascular health.

Dr. Max Hickman will present the latest insights on innovative therapies and lifestyle modifications that go beyond traditional statin use, offering new options for improving patient outcomes.

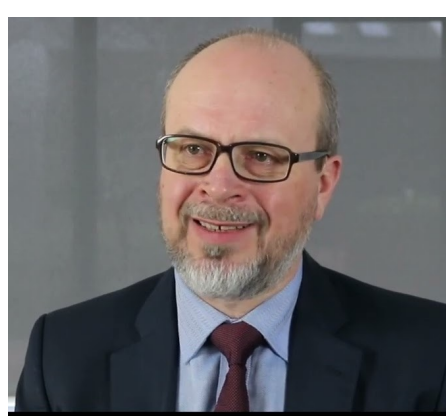

What you'll gain:

- Insight into novel cholesterol-lowering therapies
- Lifestyle strategies to improve heart health
- Practical strategies for integrating new therapies to meet diverse patient needs.

Stay informed on the latest advancements in cholesterol management and cardiovascular care. **Secure your spot today !**
