

Priority Workstreams

1. Advanced Services

Objective: To deliver integrated local pathways for the benefit of patients in Cambridgeshire and Peterborough and the system with the following services:

- Pharmacy First (PF)
- Hypertension Case-Finding (HCF)
- Pharmacy Contraception Service (PCS)

2. Community Pharmacy Communication and Engagement

Objective: To implement a succession planning process for future community pharmacy leaders and to influence the integration of resourced community pharmacy leads as part of the ICB whilst developing all community pharmacy contractors to engage with CPC&P and peers sharing best practice and supporting those that are challenged with delivering pharmacy services.

3. Community Pharmacy Workforce

Objective: That community pharmacy is included as part of C&P ICB primary care education and training delivery and supported to host educational placements.

4. Locally Commissioned Services

Objective: Review locally commissioned services to provide RAG rating. Request contracts and service specifications are reviewed by commissioners as appropriate. Support contractors with delivery of locally commissioned services.
